

CODE CLUB 2025-6

COIN COLLECTOR

WHAT HAVE WE BEEN WORKING ON?

- ▶ Building a Coin Collector game!
- ▶ Move your player
- ▶ Collect coins
- ▶ Avoid an enemy
- ▶ Beat the timer
- ▶ **What makes a game fun?**

BREAK IT DOWN (DECOMPOSITION)

- ▶ Big problems → smaller parts
- ▶ What do we need?
 - ▶ Player
 - ▶ Coins
 - ▶ Enemy
 - ▶ Score
 - ▶ Lives
 - ▶ Timer
- ▶ **Which part should we build first?**

BUILD THE PLAYER

- ▶ Create a player sprite
- ▶ Choose a starting position
- ▶ Add controls (move with buttons)
- ▶ **How should the player move?**

COINS & SCORING

- ▶ Coins appear again and again
- ▶ Use "every 1 second" (loop)
- ▶ When player touches coin:
 - ▶ +1 score
 - ▶ Coin disappears
- ▶ **Why do we need coins to keep spawning?**

LIVES & THE ENEMY

- ▶ Enemy moves around
- ▶ If player touches enemy:
 - ▶ Lose a life
- ▶ If lives = 0 → game over
- ▶ **How can we make it more challenging?**

TIMER & WINNING

- ▶ Game lasts 30 seconds
- ▶ Collect as many coins as possible
- ▶ When time ends:
 - ▶ You win!
- ▶ **What could we add next?**
